Cancellation Policy

It's always been our contention that your time is valuable. When we schedule a dental visit, that time is yours, it belongs to you. When you need to cancel or reschedule an appointment, we do ask that you try to give a 48 hour notice so we can accommodate any other patients that are needing an appointment. We realize that emergencies do come up and at no ones fault, but if we notice that your appointments have not been kept on numerous occasions, you can be subject to a \$44 broken appointment fee. This fee will not be your insurance company's responsibility, it is the patients or responsible party's responsibility and will be charged directly to you. Before we use or disclose Health Information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who may be included in their research project or for other similar purposes, as long as they do not remove or take a copy of any Health Information.

To Avert a Serious Threat to Health or Safety. We may use and disclose Health Information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Disclosures, however, will be made only to someone who may be able to help prevent the threat.

We will only make this disclosure if you agree or when required or authorized by law.

Health Oversight Activities. We may disclose Health Information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Data Breach Notification Purposes. We may use or disclose your Protected Health Information to provide legally required notices of unauthorized access to or disclosure of your health information.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, we may disclose Health Information in response to a court or administrative order. We also may disclose Health Information in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

This release would be if necessary: (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) the safety and security of the correctional institution.
